MAPLE TRAIL 1973

Campbellsville College
LIBRARY

THE WAY OF LIFE

"Life, when it came to be,
Bore one, then two, then three
Elements of things:
And thus the three began
— Heaven and earth and man —
. . ."

Campbellsville College
LIBRARY

"Existence is beyond the power of words
To define:
Terms may be used
But are none of them absolute.
In the beginning of heaven and earth
there were no words,
Words came out of the womb of matter:
And whether a man dispassionately
Sees to the core of life
Or passionately
Sees the surface,
The core and the surface
Are essentially the same,
Words making them seem different
Only to express appearance."

"Existence is infinite, not to be defined;
And, though it seem but a bit of wood in your hand,
to carve as you please,
It is not to be lightly played with and laid down.
. . ."

"...
He who is open-eyed is open-minded,
He who is open-minded is open-hearted,
He who is open-hearted is kingly,
He who is kingly is godly,
He who is godly is useful,
He who is useful is infinite,
He who is infinite is immune,
He who is immune is immortal."

"Man at his best, like water,
Serves as he goes along:
Like water he seeks his own level,
The common level of life,
Loves living close to the earth,
Living clear down in his heart,
Loves kinship with his neighbors,
..."

"A man's work, however finished it seem,
Continues as long as he live;
A man, however perfect he seem,
Is needed as long as he live:
. . ."

"A leader is best
When people barely know that he exists,
Not so good when people obey and acclaim him,
Worst when they despise him.
'Fail to honor people,
They fail to honor you;
But of a good leader, who talks little,
When his work is done, his aim fulfilled,
They will all say, 'We did this ourselves.' "

"The less a leader does and says
The happier his people,
The more a leader struts and brags
The sorrier his people,
. . . "

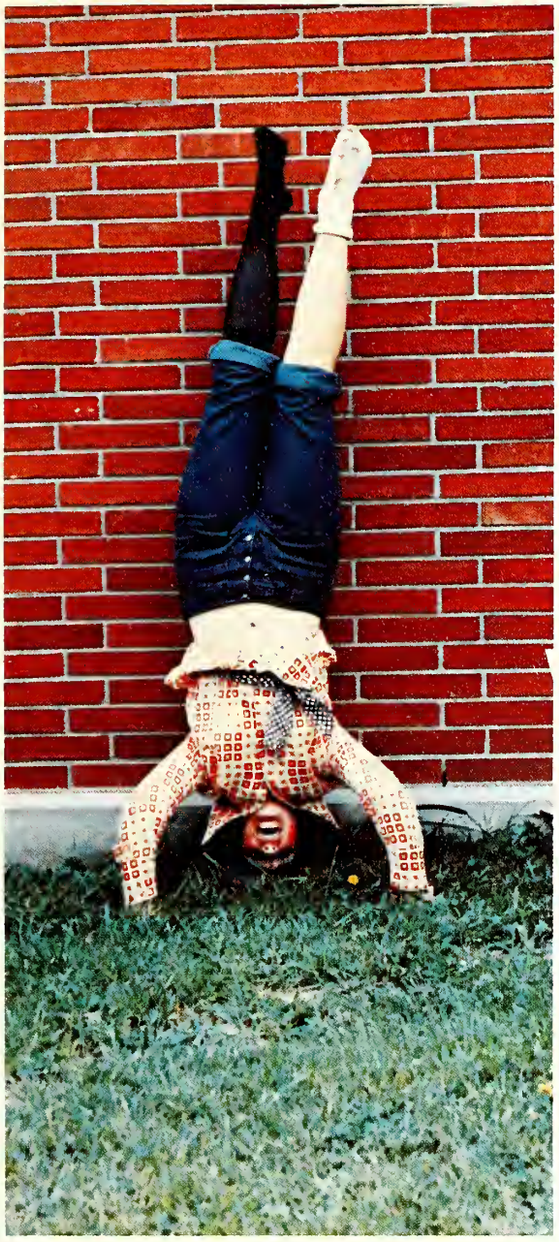
"People starve
If taxes eat their grain,
And the faults of starving people
Are the fault of their rulers."

"People through finding something beautiful
Think something else unbeautiful,
Through finding one man fit
Judge another unfit.
Life and death, though stemming from each other,
seem to conflict as stages of change,
Difficult and easy as phases of achievement,
Long and short as measures of contrast,
High and low as degrees of relation;
But.
Since the varying of tones gives music to a voice
And what is is the was of what shall be."

"The sanest man
Sets up no deed,
Lays down no law,
Takes everything that happens as it comes,
As something to animate, not to appropriate,
To earn, not to own,
To accept naturally without self-importance:
If you never assume importance
You never lose it."

"A man who knows how little he knows is well.
A man who knows how much he knows is sick.
If, when you see the symptoms, you can tell,
Your cure is quick.
A sound man knows that sickness makes him sick
And before he catches it his cure is quick."

"Those who know do not tell,
Those who tell do not know.
. . ."



"Real words are not vain,
Vain words not real;
And since those who argue prove nothing
A sensible man does not argue.
A sensible man is wiser than he knows,
While a fool knows more than is wise.
Therefore a sensible man does not devise resources:
. . .
The way of life cleaves without cutting:
Which, without need to say,
Should be man's way."

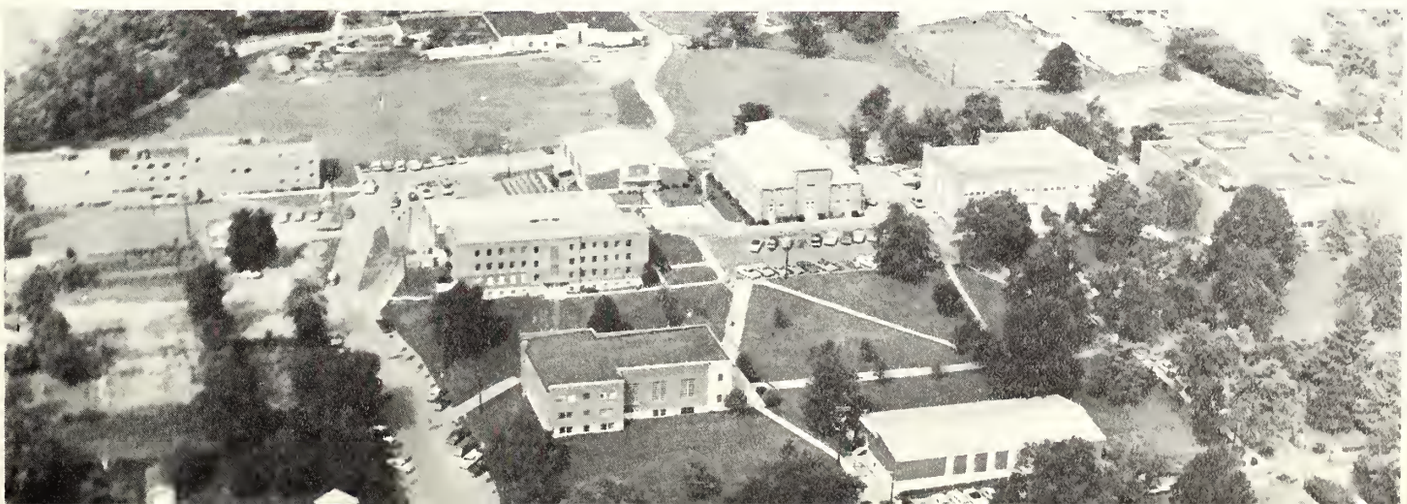
THE BEAT OF LIFE

"Loves living close to the earth,
Living clear down in his heart,
Loves kinship with his neighbors"

Sixty-Seven Years History

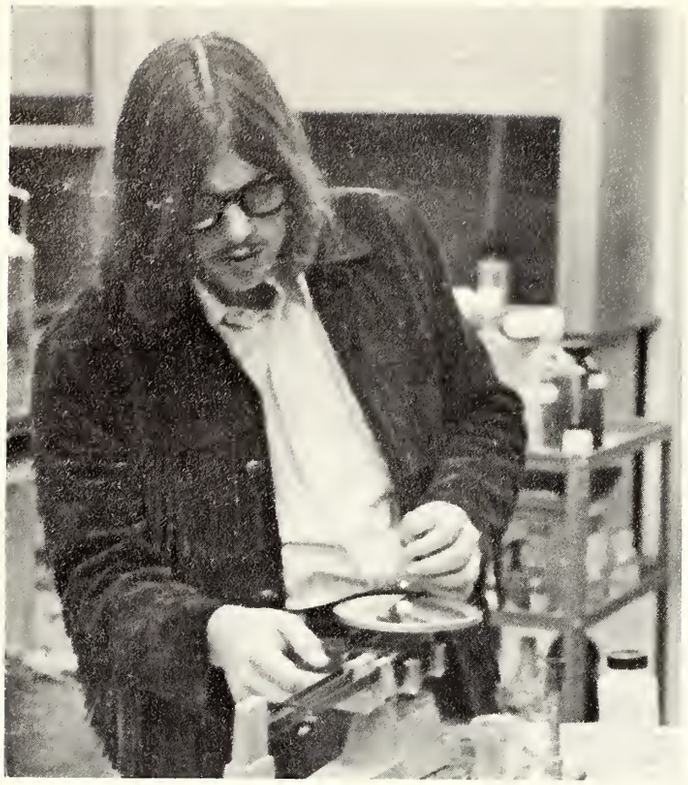
The beat of life for the College began in 1906 with the formation of the Russell Creek Academy. As the academy grew and expanded, it was granted junior college status in November, 1923 by the authority of the Trustees at the General Association of Kentucky Baptists. It was decided the following year that the school should be renamed Campbellsville College.

The proceeding years saw continuous development with the College receiving accreditation by the University of Kentucky Association of Colleges and Secondary Schools in 1933. Upgrading into a four-year college was authorized in 1957 and, then, membership in the Southern Association of Colleges and Schools as a liberal arts senior college in 1963 followed. This span of sixty-seven years saw constant growth and impulse to continue. Today, this beat of life keeps on truckin'.



Wearisome Waiting Shows No Partiality

New students as well as former students are readily greeted by the long and arduous task of registration. What better way to spend a hot August day than standing in endless lines of humid, dripping, dropping bodies? As the last weary waiting soul drops to the pavement from heat exhaustion, the question arises--Is there a better way?

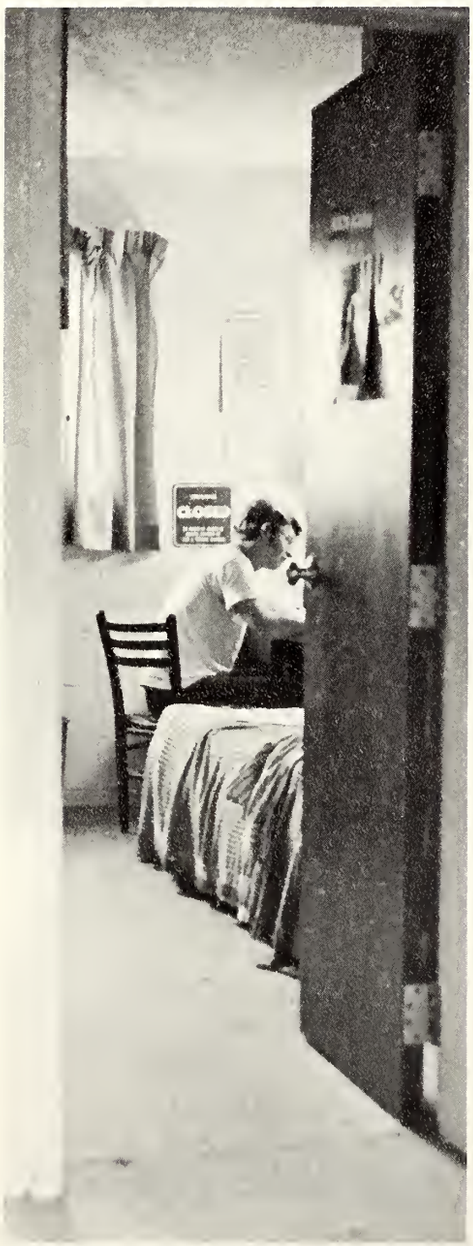


A428
E6

Starting Over Again

Back to the classrooms, books, and homework. For many this is an exciting challenge, college; for others a necessary evil. For whatever their reasons people return again.

Dorm Life: Human Interaction



Growing friendships, personality clashes, arduous studying, and very few hours of sleep are all major components of dorm life. The beginnings of life in the outside world are born and nurtured in the college dorm.

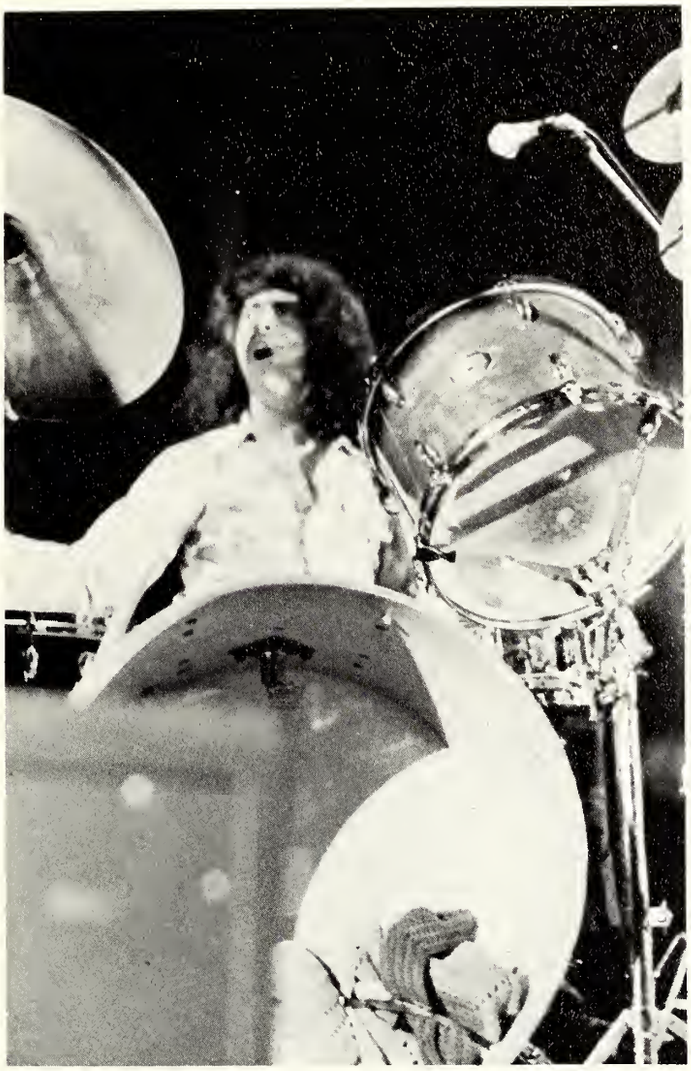
Freshman Week Is Fun?

Shedding the traditional green T-shirts and donning the new beanies, this year's freshman class becomes the first class to wear college beanies. Endeavoring each new phase of Freshman week, this year's freshmen exemplified school spirit and cooperation in an outstanding way.

Clash of Classes

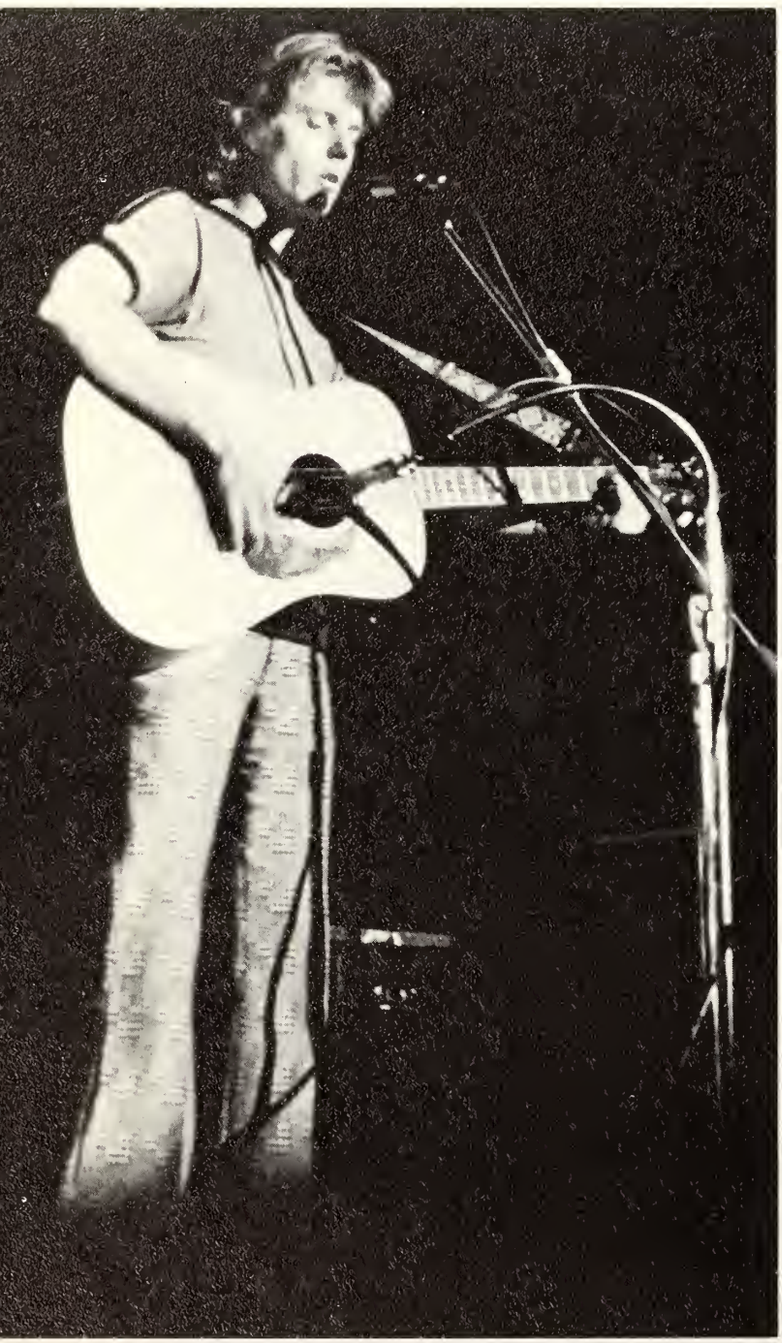
Degradation and humiliation flee the scene as tradition is broken at the close of Freshman Week. The Rat Court of past years is replaced by a rowdy tug of war with the Seniors, as well as the Freshmen, trying their hands at a wallow in the mire. The Seniors, being fairly outnumbered, fall victim to the Freshmen in a memorable clash of the classes.

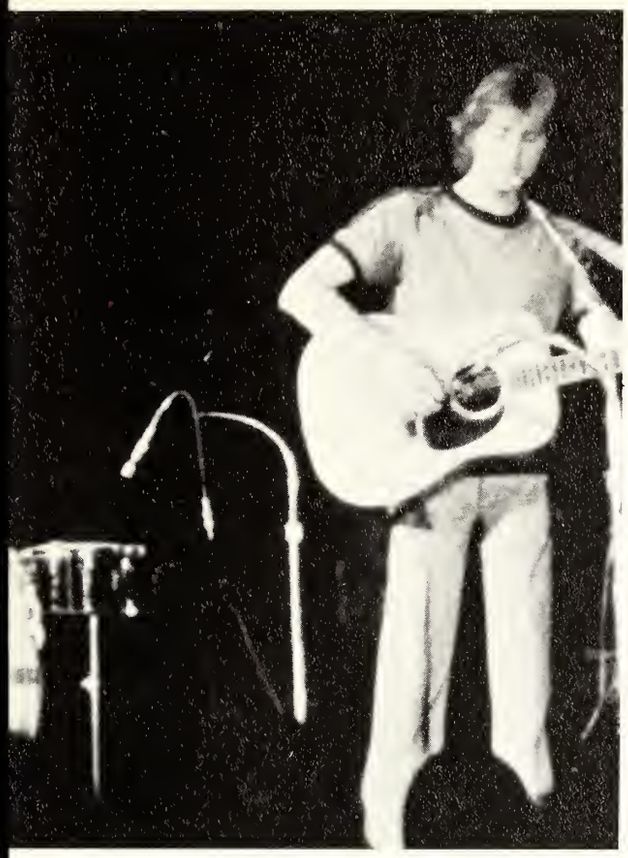
Sounds of Guitars, Drums, Piano and Various Vocals Refresh . . .

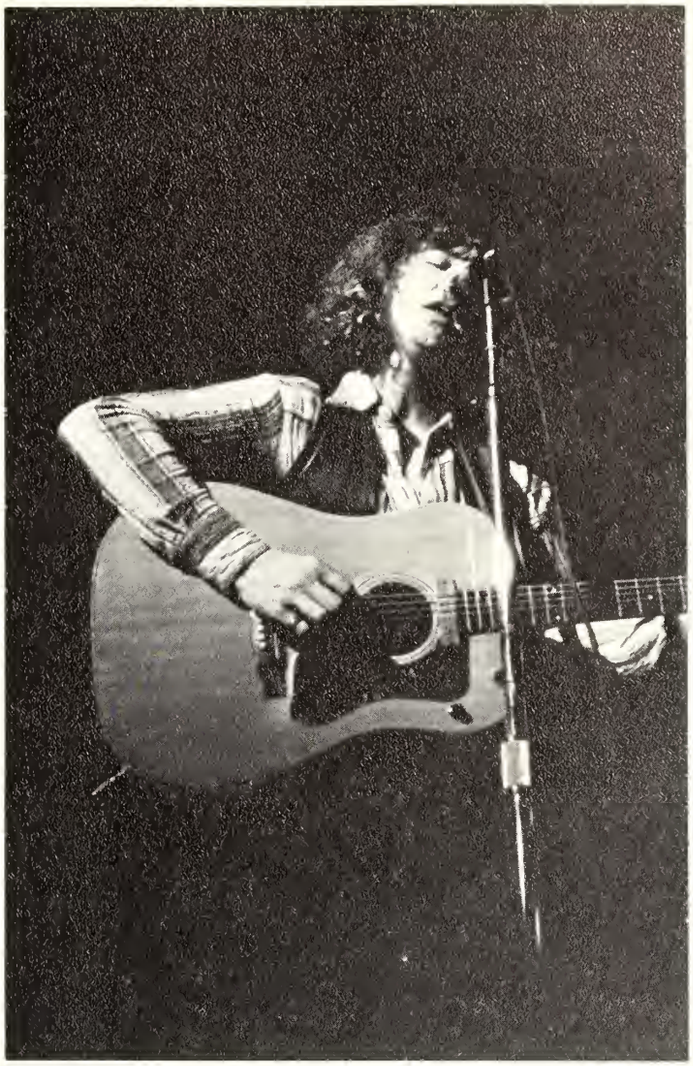


Through the sounds of guitars, drums, piano and various locals came the excited clapping and stomping of enthused crowds. "Mini" concerts and coffeehouses supply the college with on campus entertainment. Although apathy caused many to miss these opportunities to enjoy the groups' artistic talents, it was worthwhile for those who did attend.

A Lifeless Campus







STUDENT GOVERNMENT ASSOCIATION

The Student Government Association is an elected group representative of the student body. They serve the students by sponsoring "mini" concerts, coffee-houses, homecoming activities, movies, and Spring Festival. The association is divided into three branches. The executive branch is headed by President Barbara Brennan (2). The legislative branch is headed by the vice-president, Greg Gaby (3). Chief Justice Douglas Sullivan (4) heads the judicial branch. Becky Beard (1), treasurer, and Teri Simpson (5), secretary, complete the S.G.A. Cabinet.

(1).

(2).

(4).

(5).

Built in Spite of Cold and Discomfort Into the Wee Morning Hours

After many long, cold hours of hard work emerged products of many laborers. Few things bring such a variety of people out. No matter what talent one had, a place could be found from stuffing to constructing.

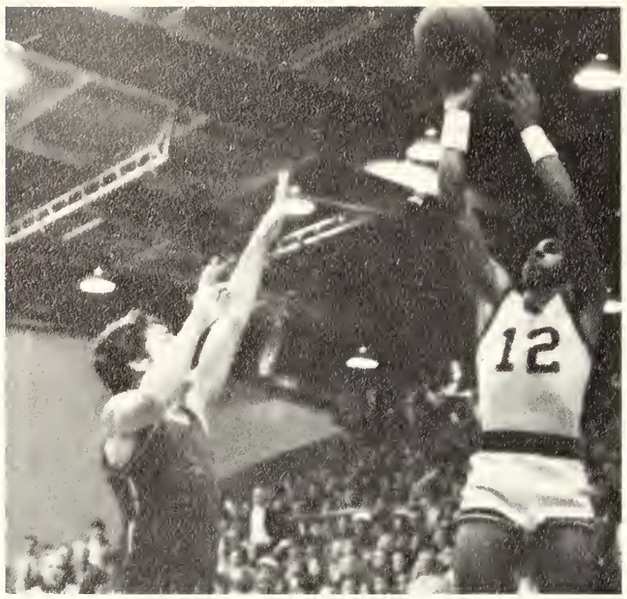
Don't Rain On My Parade

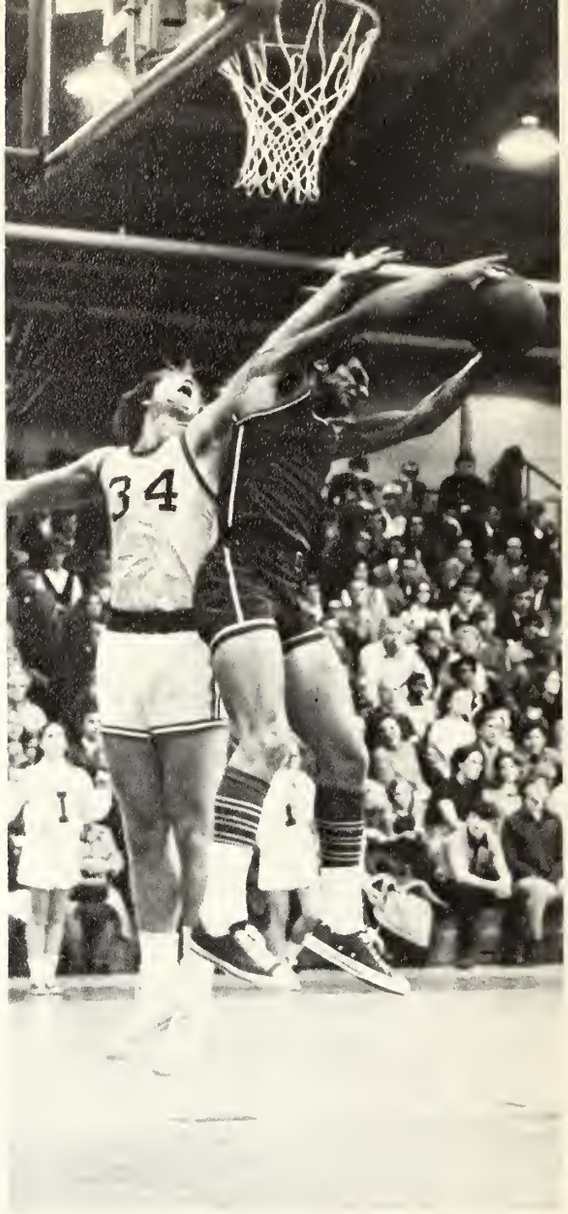
The sounds of the band, the onward surge of the floats, and bystanders' remarks, all blend to make the contents of a homecoming parade.

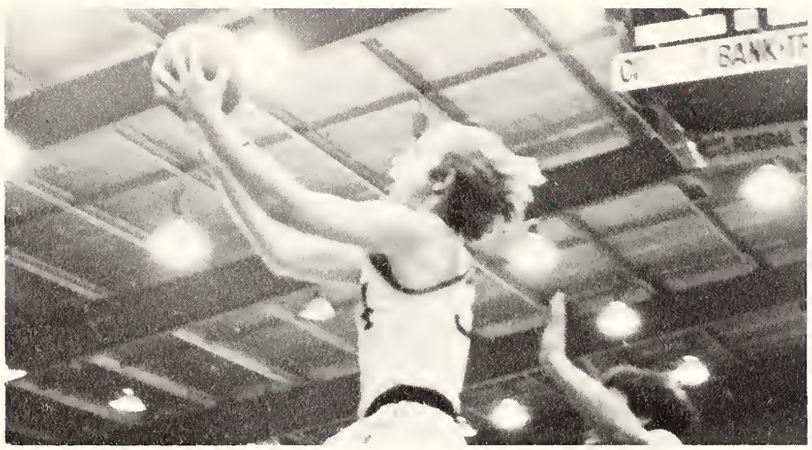
Winning Floats

Spanish Club, first place
Alpha Rho Tau, second
Sigma Tau Delta, third
Freshman Class, honorable mention

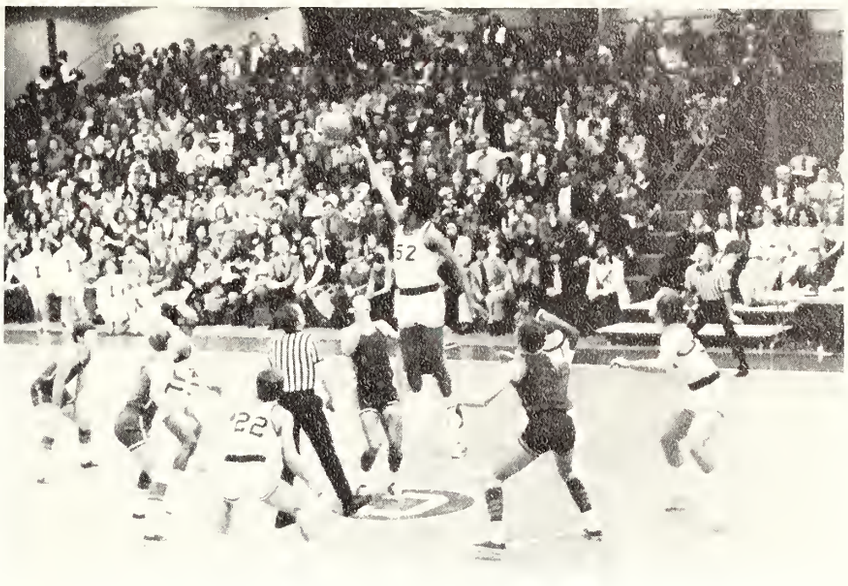
The floats were judged on conformity to theme, originality, color, animation, costume, and stability. Four floats were recognized as excellent this year. Even though these won, none lost. The feeling of relief, the excitement of the parade, and the anticipation of which was going to win added to the excitement of another successful homecoming parade.



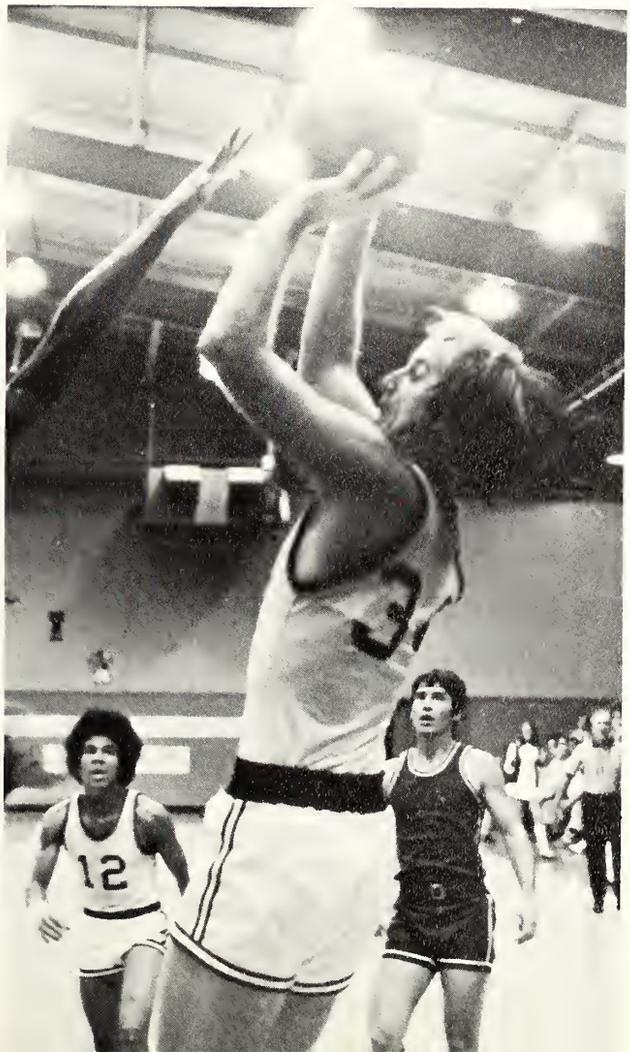




Homecoming Game



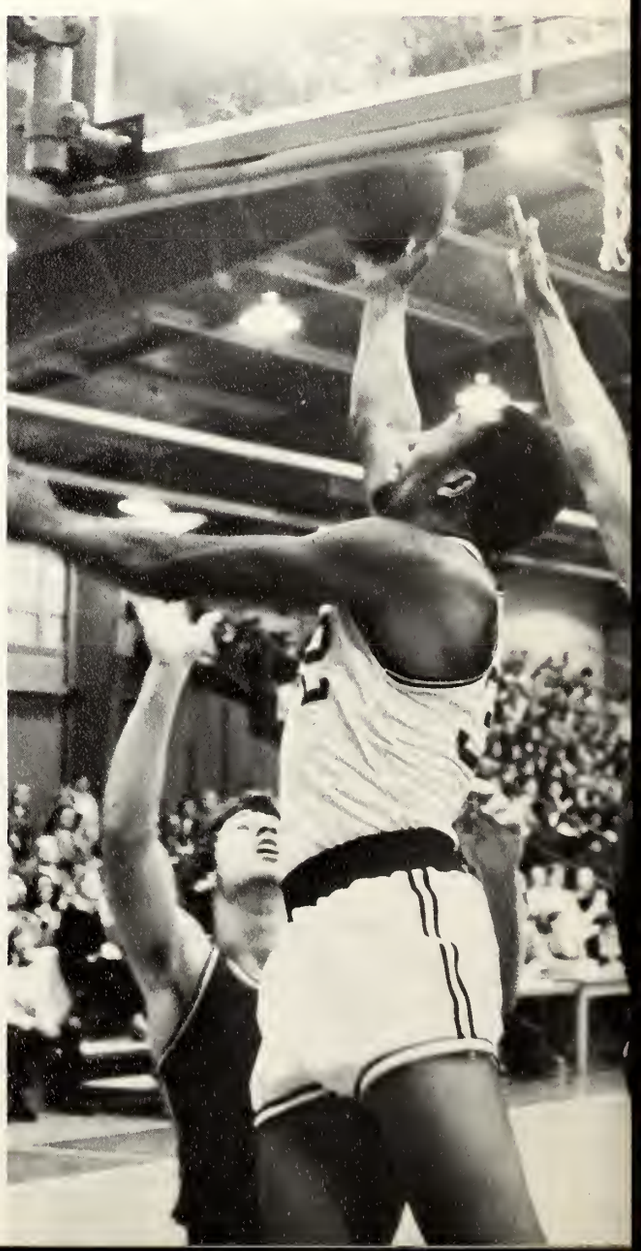
Cheering the Tigers to victory, raising the roof on "Two-Bits," keeping your cool when you want to cry, searching for a seat in the crowd, crowning the queen at halftime, chanting "We want a hundred," upsetting the upperdog, glowing after the victory, all of these make for a happy homecoming.



Homecoming; Memories

Homecoming is a flurry of action and things to do. Days before Homecoming Day clubs are building floats, and pep rallies, torchlight parades, bonfires, coffee-houses, and movies are being planned.

Then the weekend is here and passes much too quickly. But when Homecoming has passed with all of its activities, there are many memories to be recalled. The winners and near winners have the satisfaction of their work well done, the others have hopes and dreams of next year.



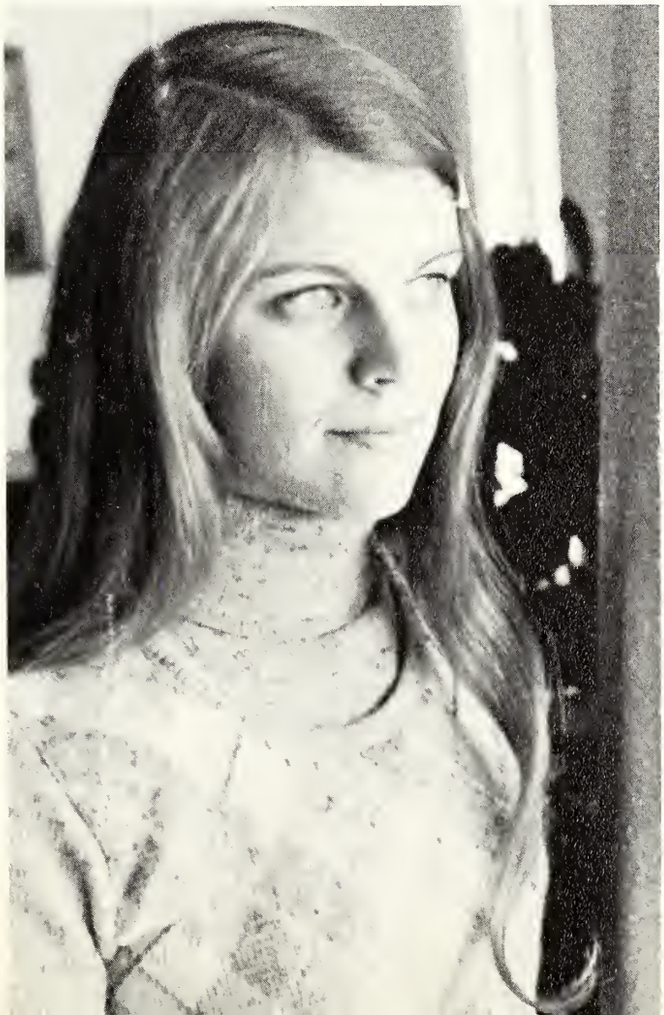
Joanne

THE COURT

The 1972 Homecoming Queen's Court consisted of First runner-up, Frankie Domerese. Frankie, a social science major, is a sophomore from Flint, Michigan. JoAnne Rea, the Second runner-up, is a junior from Gibsonia, Pennsylvania, majoring in physical education. The Third runner-up is Joanna Smith. Joanna is a senior with a major in Physical education and from Morgantown. Lastly the Freshman Attendant is Karen McGaha of Taylorsville, Indiana.

'72 HOMECOMING CANDIDATES

SEATED FROM LEFT TO RIGHT: Martha Burns and Joanna Smith. STANDING FROM LEFT TO RIGHT, FRONT ROW: Pamula Royalty, June Thompson, Karen McGaha, Trudy Eakle, Elaine Newby, Catherine Atkinson, JoAnn Rea, and Melody Vetter. BACK ROW, STANDING FROM LEFT TO RIGHT: Becky Beard, Jill McCoy, Theresa Hanor, Karen Owen, Janet Gray, Frankie Domerese, and Janet Faulkner.



Karen

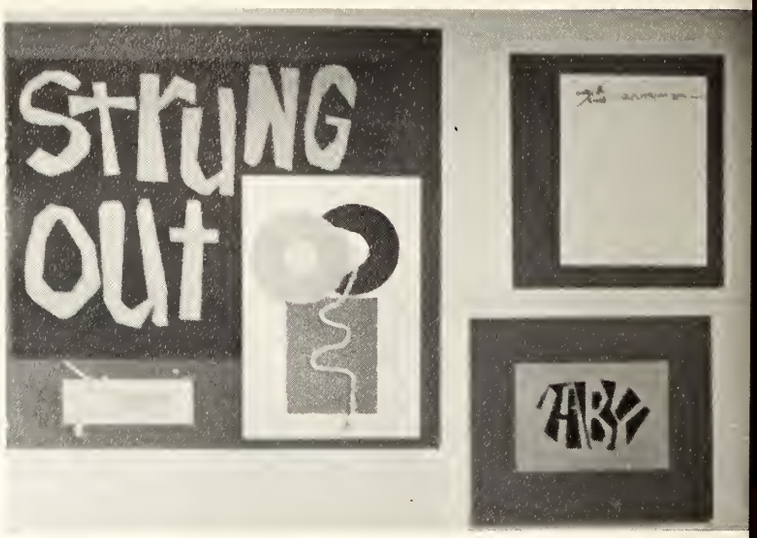
1972 HOMECOMING QUEEN

Becky Beard

Toward the Future

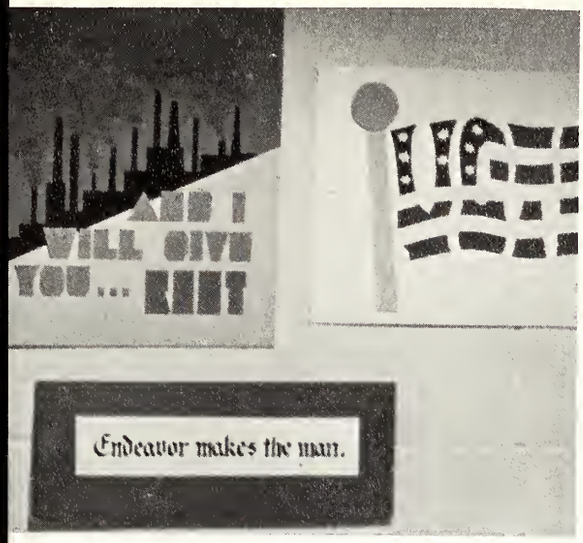
Eyes project toward the future of a new Fine Arts Building and a steady expansion of the Music Department. The number of Music Major and Minor students increased this year over sixty. This increase in size dramatically shows how inadequate the present facilities are. Overcrowding causes a never-ending hassle for practice rooms and time.

However improvement is on the way. The Department received a new electronic piano lab, which allows for the teaching of several piano students with a minimal of confusion and with more benefit to the student.

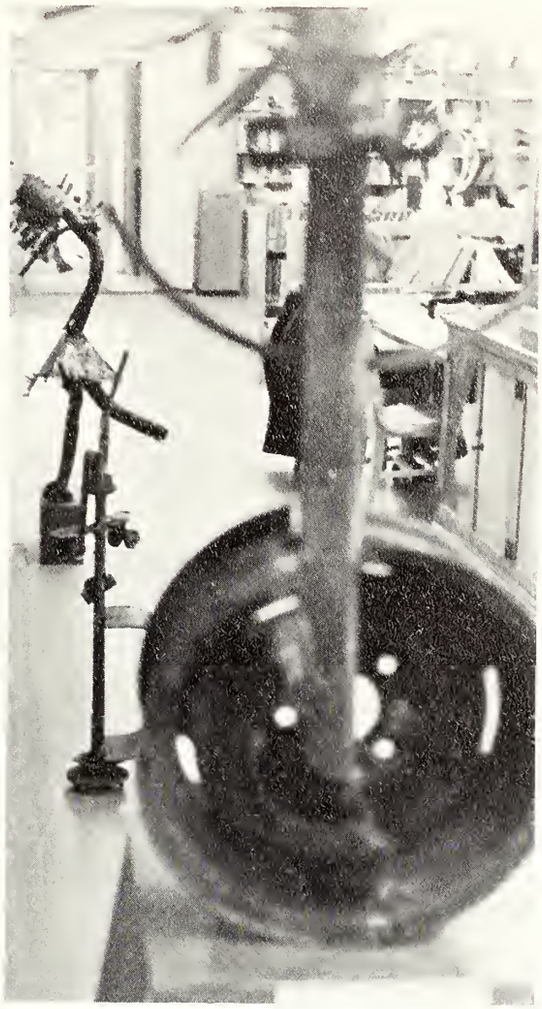


ENRICHMENT OF ART

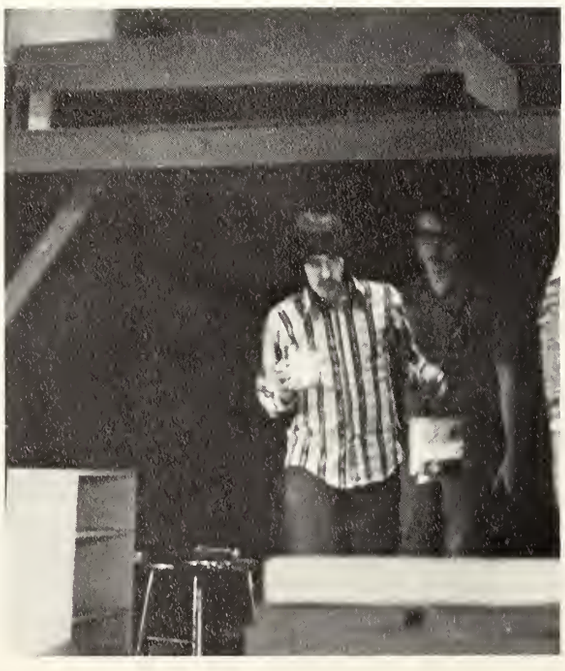
With the addition of a new faculty member to the Art Department there comes a new critic and a new style of art. Art is offered both as a contribution to a well rounded education and as a specialized area of study. Both Faculty and student exhibits seek to provide an enrichment to the entire campus and recognition of young talented artists.

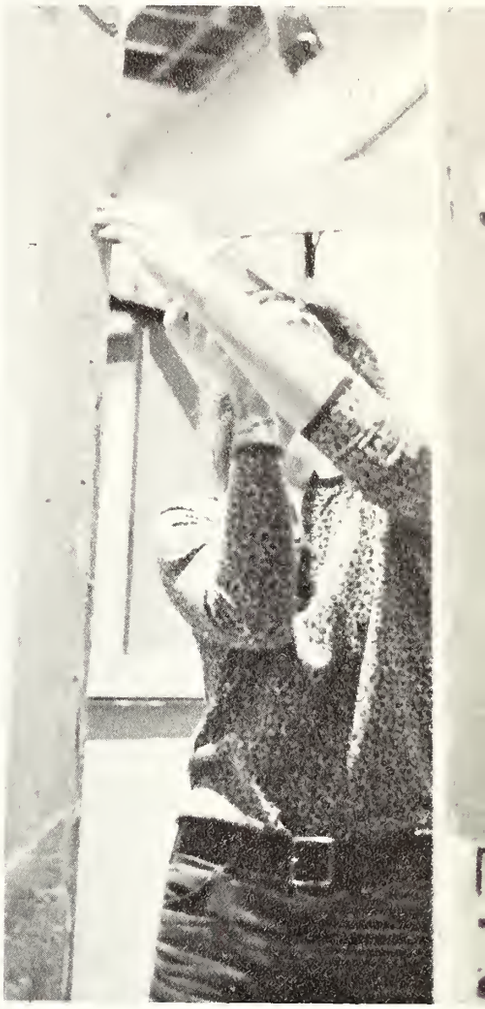


WILL GIVE
YOU...
Endeavor makes the man.



Hard Work on and Off Stage





The Drama Department provides Drama minors and students interested in the area learning situtstions in the classroom, on stage and behind the scenes. The 1972-73 Harlequin and Fine Arts Department season of "You're A Good Man Charlie Brown", "Diary of Anne Frank" and "The Sound of Music" has given to the campus a wide range of dramatic performances and drama students a year of growth.

With Spring Comes Talent and Beauty

Personalities are presented and talents are demonstrated as each girl vies for the title of Spring Festival Queen and the right to be the College's representative to the Mountain Laurel Festival.

SPRING FESTIVAL COURT

QUEEN; Joanna Smith
First Runner-up; Anita Romine
Second Runner-up; Joy Hamilton
Third Runner-up; Jeanetta Rodgers
Miss Congeniality; Georgi Saylor

MR. CAMPBELLSVILLE

COLLEGE

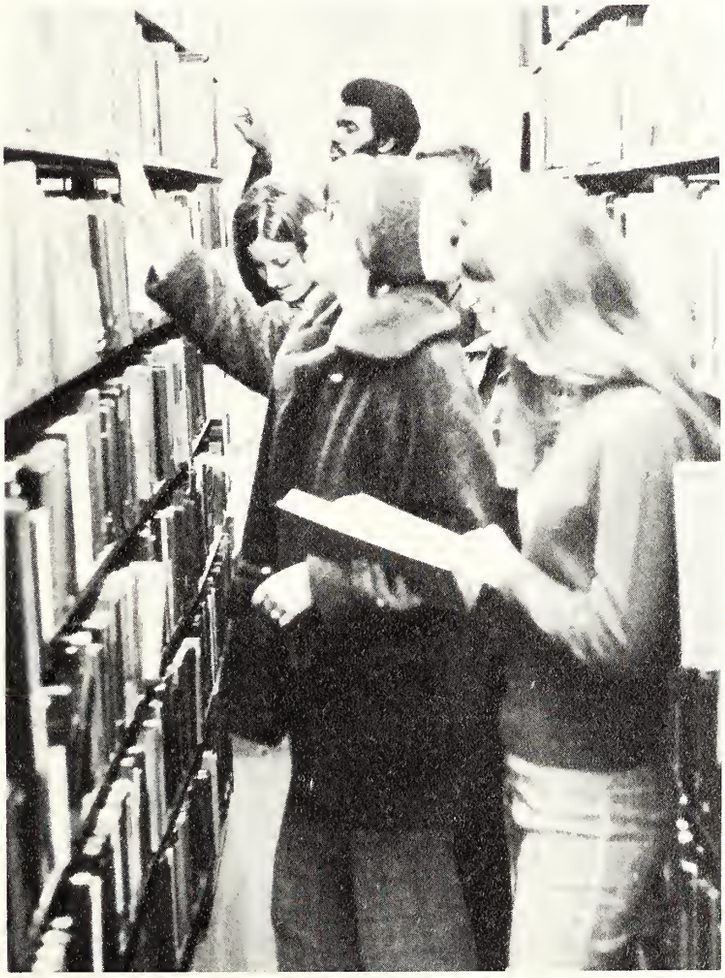
Bobby Embry

MISS
CAMPBELLSVILLE
COLLEGE

Barbara Brennan

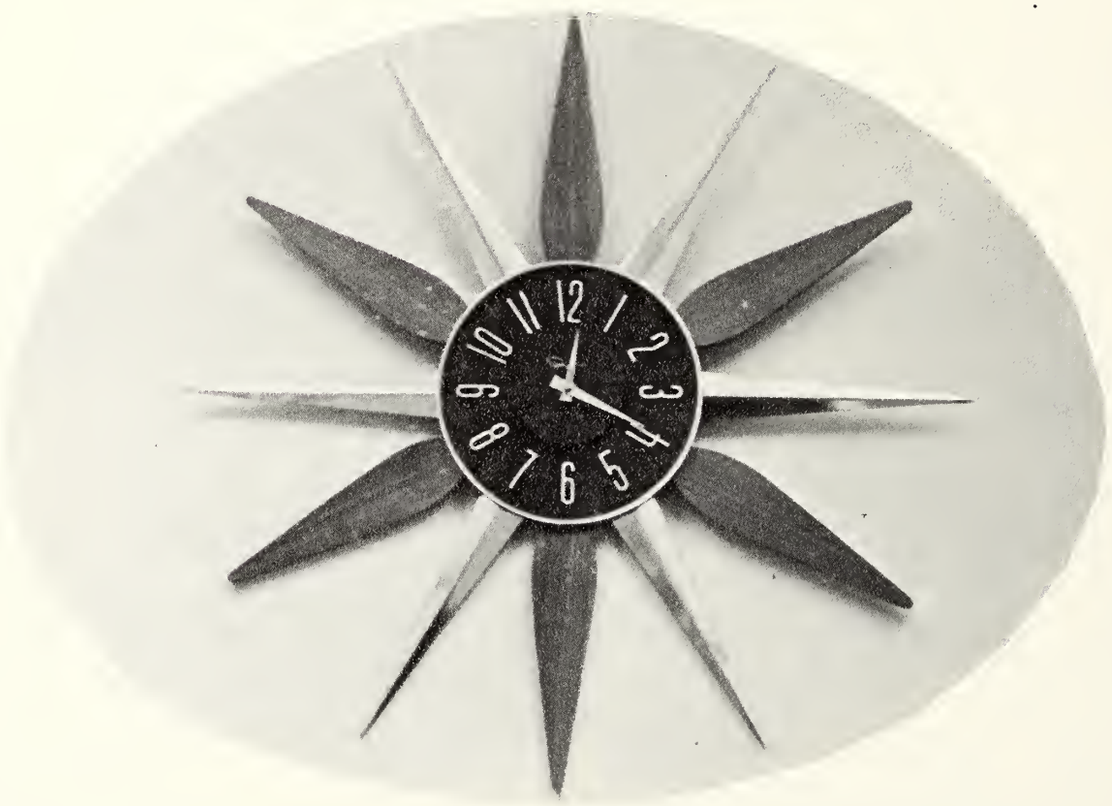
Oftentimes the Spring Semester seems only a long wait until summer. Spring does not have a major activity like Homecoming yet there are two smaller events, Valentine Banquet and Spring Festival. There are no fewer movies and concerts for students. Academicly it is a time for many students in the teacher's program to do student teaching. The Midwest Model United Nations team travels to St. Louis after months of preparation. However the best part of the Spring is the weather, with the winter passed, and being outside under a tree with someone special.

Spring Is a Busy Time, If You Know Where To Look

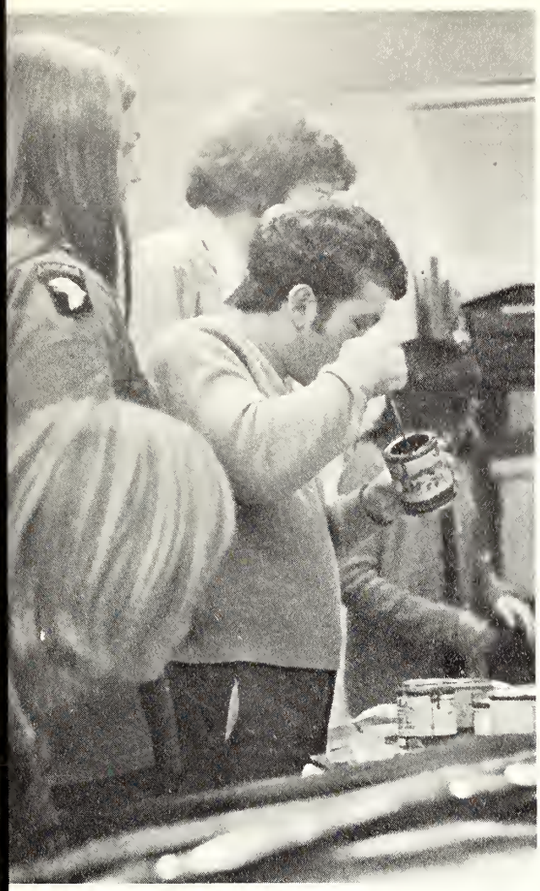


Midwest Model United Nations team do library research getting ready to be the delegation from Morocco at the 1973 M. M. U. N. to be held in St. Louis.

ENTANGLEMENTS OF LIFE



The College provides almost any type of extra-curricular activity one might wish to join. But when there is barely the time to do one's class-room work these clubs may become Entanglements of both time and effort, with them however one rounds out his College career.



ALPHA RHO TAU

The purpose of Alpha Rho Tau is to create an interest in and an enjoyment of art. To aid in accomplishing this, the club sponsors art exhibits and sales.

BAPTIST STUDENT UNION

The BSU endeavors to take the Great Commission seriously. By bringing the claims of Christ to bear on the academic community and by cooperating with local churches, the BSU seeks to enlist students and faculty for the tasks of evangelism and missions. By their activities and projects, the BSU is a campus source for worship and fellowship. To challenge students to a more Christian social concern and working within the academic community, the BSU provides opportunities for study from a Christian perspective in the search for truth in all areas of knowledge.

BAPTIST YOUNG WOMEN

To teach missions, and to lead others to participate in missions is the goal of the Baptist Young Women.

The BYW seeks to involve the whole campus in various mission opportunities such as emphasizing Weeks of Prayer for Foreign, Home, and State Missions, and serving in Summer Missions. In Mission Action projects, the organization extends into the community. These projects include visiting and aiding the elderly, conducting devotional services in local nursing homes, caroling, and giving a party at Christmas for the underprivileged children of the area.

COLLEGE REPUBLICANS

The purpose of the College Republicans is to develop the student body into an intelligent, dynamic, and cooperative political group with practical experience. The club is a means of encouraging participation in the activities of the Republican Party and presenting the party platform in an honorable way.

CIRCLE K

Circle K is a men's service club which serves on many campuses across the United States and Canada. Circle K is sponsored by the Kiwanis International.

The purpose of Circle K is service; service to the campus, the community, and the nation. It encourages participation in group activities, promotes good fellowship, and instills scholarship. It also provides opportunities for leadership training through services.

HARLEQUINS

Harlequins, in conjunction with the Fine Arts Department, produces the dramatic presentations which provide entertainment for the students, faculty, and community throughout the year.

Beginning in 1971 the Harlequins began a two year renovation program to make the stage and auditorium more appealing to the theater-goers. They hope to improve the theater and present a fine dramatic season at the same time.

K-MATES

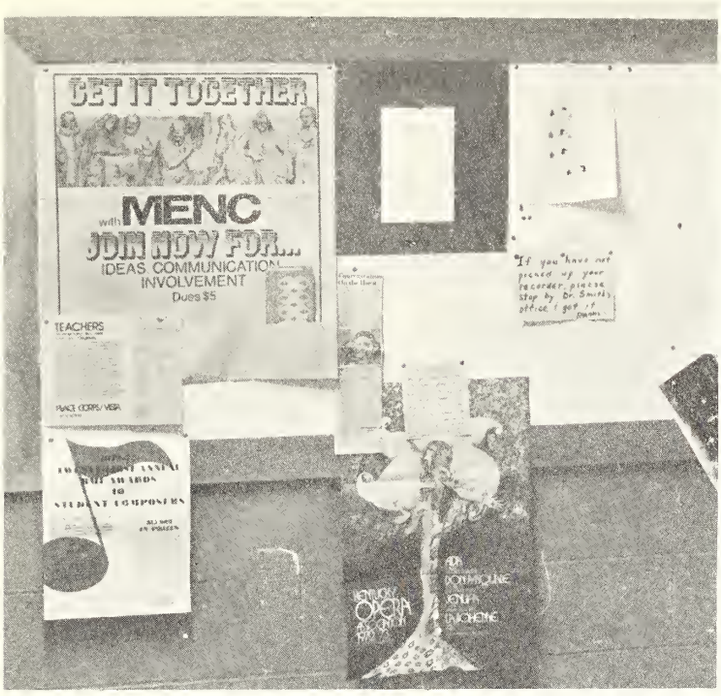
K-mates, which is for females only, is one of three such organizations in the United States. It is a club which cooperates and coordinates activities with Circle K, the organizational male counterpart on campus, and Kiwanis International.

Their purpose is to serve the college and community by promoting better citizenship and service. K-mates, promote good fellowship, high scholarship, and high standards.

MINISTERIAL ASSOCIATION

We, the Ministerial Association, believe in practicing the principles of Christianity in our daily lives, in our business transactions, and in our contact with our fellowmen.

Male students, preparing for full time Christian service, form the membership of the Association. All members are encouraged to participate in visitation programs to Nursing homes, jails, and hospitals in the area.



M.E.N.C.

In the field of music, the Music Educators National Convention has available to its members opportunities for professional development. It specializes in promoting the mastery of musical expression by vocal and/or instrumental means. It is open to every student who desires to perform significant music for instrumental ensembles and maintain a facility in music.

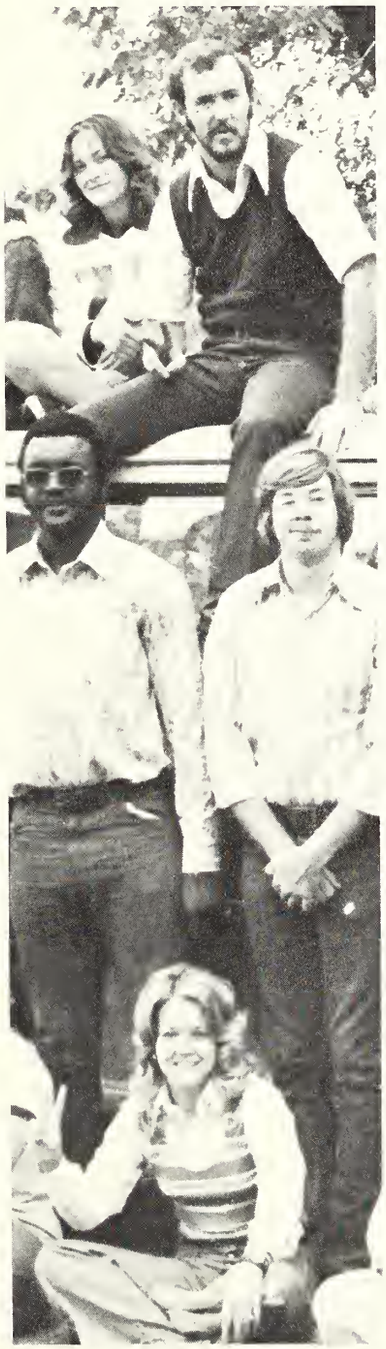
To aid in the student's development, the club brings in speakers from different areas of the field and plans to organize trips to a recording studio and a music publication house. They also promote the Community Concerts and student recitals.

PHYSICAL EDUCATION MAJORS AND MINORS

The goals of the Physical Education Majors and Minors Club is to promote physical education in activities, to instill a professional attitude and sense of unity among the students, and to provide recognition for those students who display outstanding service to the profession while a student at the College.

Some of the activities have been: cook-outs, a conoeing trip, and activities night in the gym, and an overnight camping trip.

SOCIAL SCIENCE CLUB



The Social Science Club is designed to form better citizens of its membership. This is done by informing them of social needs and making plans to get them involved in the social problems of the community in which they live. Besides their academic interests, they also take part in leisure-time activities. Some of these activities have been football, hayrides, a slave market, and acting as tour guides at the Perryville Battlefield.

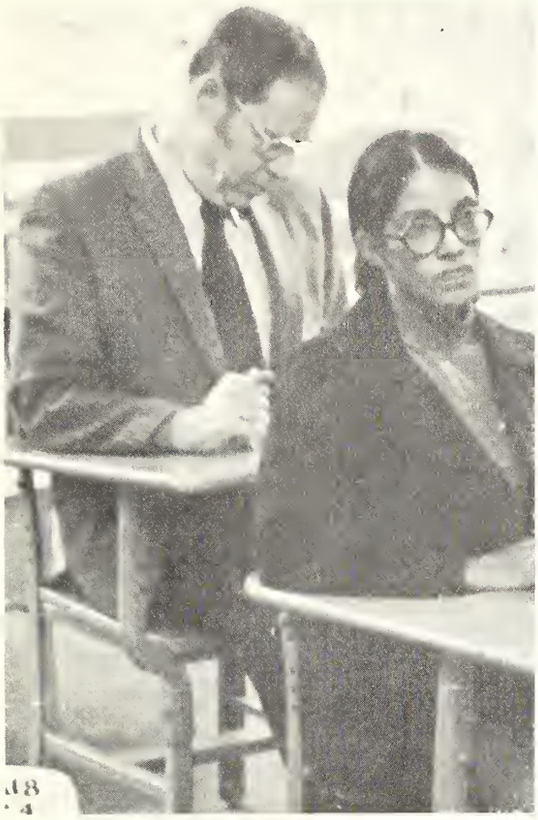
Membership into the Social Science Club is granted to any person, student or alumni, of Campbellsville College who is taking or has taken a concentration of Social Science Area, Major, Minor, or has an interest in the Social Science field.

SPANISH CLUB

The Spanish Club is organized with the purpose of furthering an appreciation of the Spanish language and culture, with an emphasis on the concept of cultural and international understanding. Members are recruited from the Spanish language students and any other individuals who desire to learn more about the Spanish Culture.

Activities include such items as an International Dinner at Christmas time, Spanish films, radio programs, Latin American symposium, participation in the Carnival Day activities, and a vivid interest in Homecoming activities. The members also work on the Spanish newspaper "Que Pasa Chiquitito?"

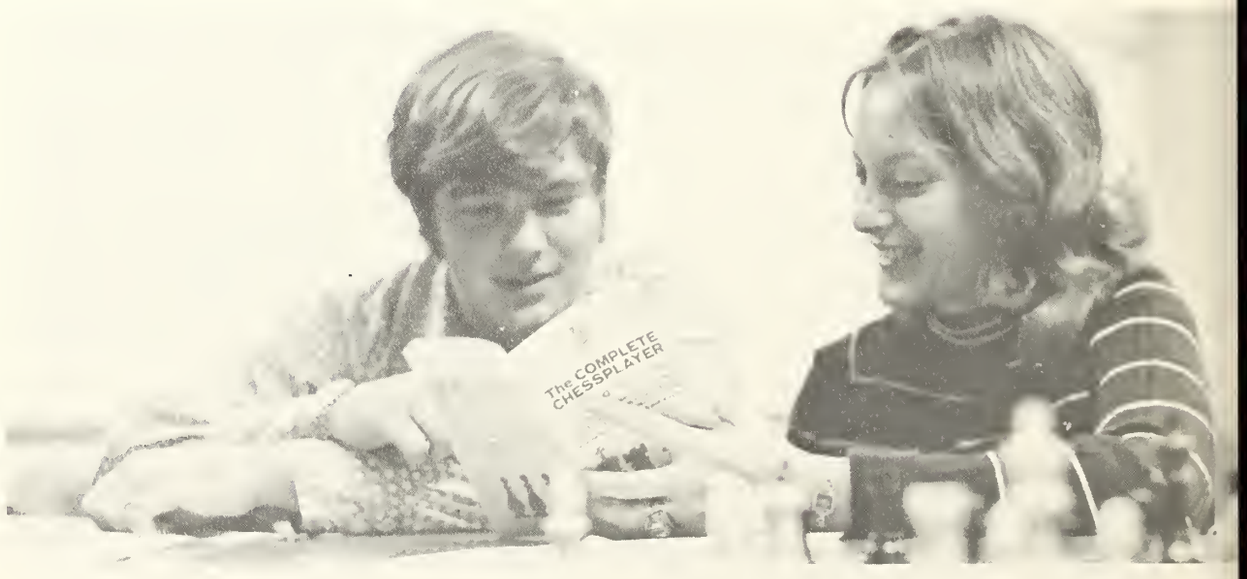
S.N.E.A.



The purpose of the Student National Education Association is to provide active, helpful experience for those students planning to enter the teaching field. It also aids others in determining whether or not they have the ability to become a teacher.

CHESS CLUB

This year the campus has a newcomer to the organizational scene, The Chess Club. The club has been formed to promote interest and increase knowledge and skills of the game. The Club's main acitivity for the campus is plans of several Chess tournaments.



BEAUTIES

The classic beauty of the College is reflected over the next six pages in what the Maple Trail staff and students feel to be an outstanding example of the unique and subtle beauty characteristic of Campbellsville College.

Selection of these women was based on Homecoming Queen's court, Spring Festival candidates, and special catagories selected by the Maple Trail staff. In placid, pastoral settings, we present the Campus Beauties.

PUBLICATIONS

College publications include three outstanding literary efforts. THE COLLEGE ECHO, an award winning paper, is the voice of the students on our campus. The PURPLE PATCHES is our literary magazine published annually; lastly, the MAPLE TRAIL is the record of the school year at the College.

THE COLLEGE ECHO

The College Echo is the award winning monthly newspaper published by the students. It seeks to be informative on crucial issues and events pertinent to the student body.

This year's editor, George Lewis, along with his staff, is encouraging the campus to take a more active role in the paper.

PURPLE PATCHES

With aid from the Department of Literature, Language, and Library Science, Sigma Tau Delta publishes PURPLE PATCHES each Spring. The literary magazine is a publication of students' work in poetry, essays and short stories, with prizes awarded to first, second, and third place in each catagory.

The 1972 Purple Patches won a $50 award from the Kentucky Arts Commission. It has also won a place on the shelves of the University of Kentucky Library along side of the publications of other colleges.

3.

GREEK LIFE

Many people may not realize that there are four Greek Fraternities on campus. All of these are honorary fraternities open to individuals who are majoring and minoring in the area of study.

DELTA PSI OMEGA

Delta Psi Omega is a honorary dramatic society whose membership is limited to students who show outstanding performance in speech and dramatics, both on-stage and behind-the-scenes production. The club also strives to create an interest in and an appreciation of drama.

This year the club has provided the lighting for the "mini" concert series and, for the first time ever, built a float for Homecoming.

SIGMA ZETA

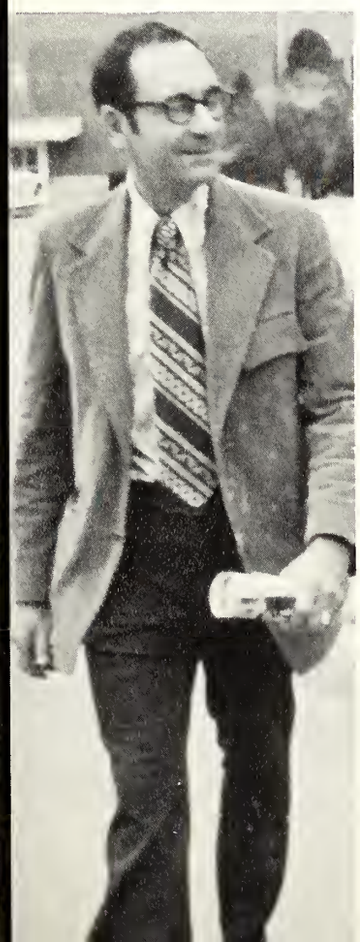
Sigma Zeta is a national honorary society whose purpose is two-fold: (1) to encourage and foster the attainment of a knowledge of the sciences; (2) to recognize the attainment of high scholarship among those fitted for membership in this society.

Any college student whose major is in any of the natural sciences or mathematics, and has completed 15 semester hours of these with a grade-point average of 3.00 in the sciences and mathematics, shall be eligible for election to active membership.

The Upsilon Chapter is Campbellsville College is a division of the National Honor Society of Sigma Tau Delta. Sigma, Tau, and Delta, the words, come from the initial Greek, symbolizing in English "sincerity, truth, and beauty."

The chief aim of Sigma Tau Delta is to promote a mastery of written expression, to encourage worthwhile reading, and to foster a spirit of good fellowship among students of English language and literature.

SIGMA TAU DELTA



PHI BETA LAMBDA

Membership is granted to any present student or alumnus of the College who is taking or has either taken a concentration in the business or economics area, or has a special interest in either business or economics.

ATHLETICS

Sports is the spark of good times here. Enthusiasium and support, from students, faculty, and administration alike, is high. Whether cheering from the sidelines or participating in the various school athletics, involvement is their sport.

Focus on Basketball

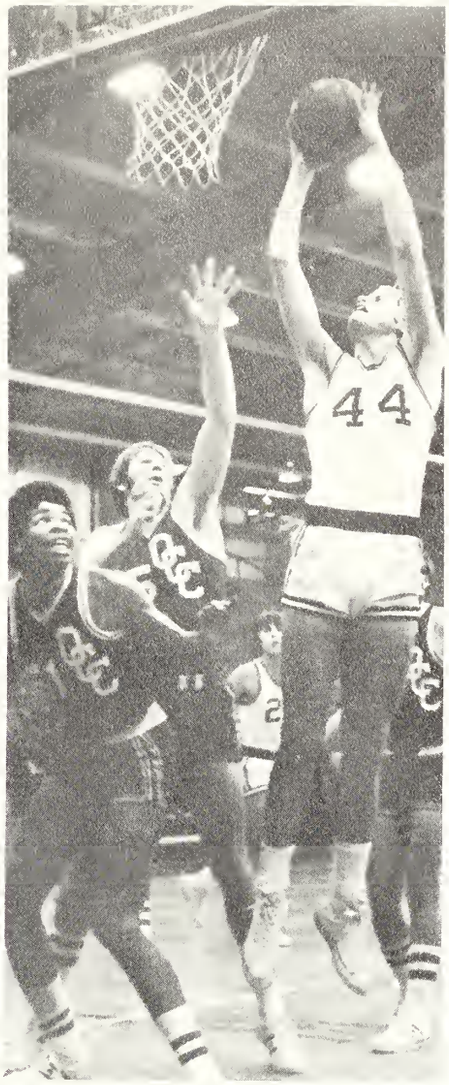
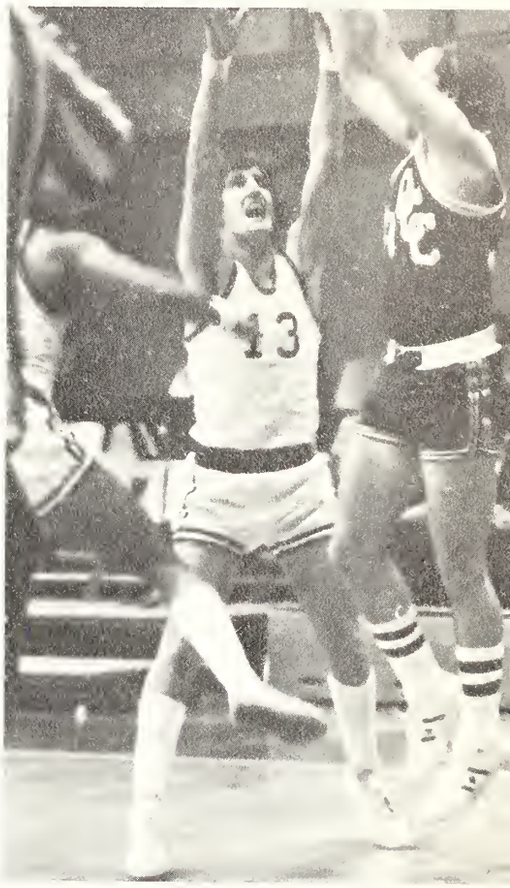
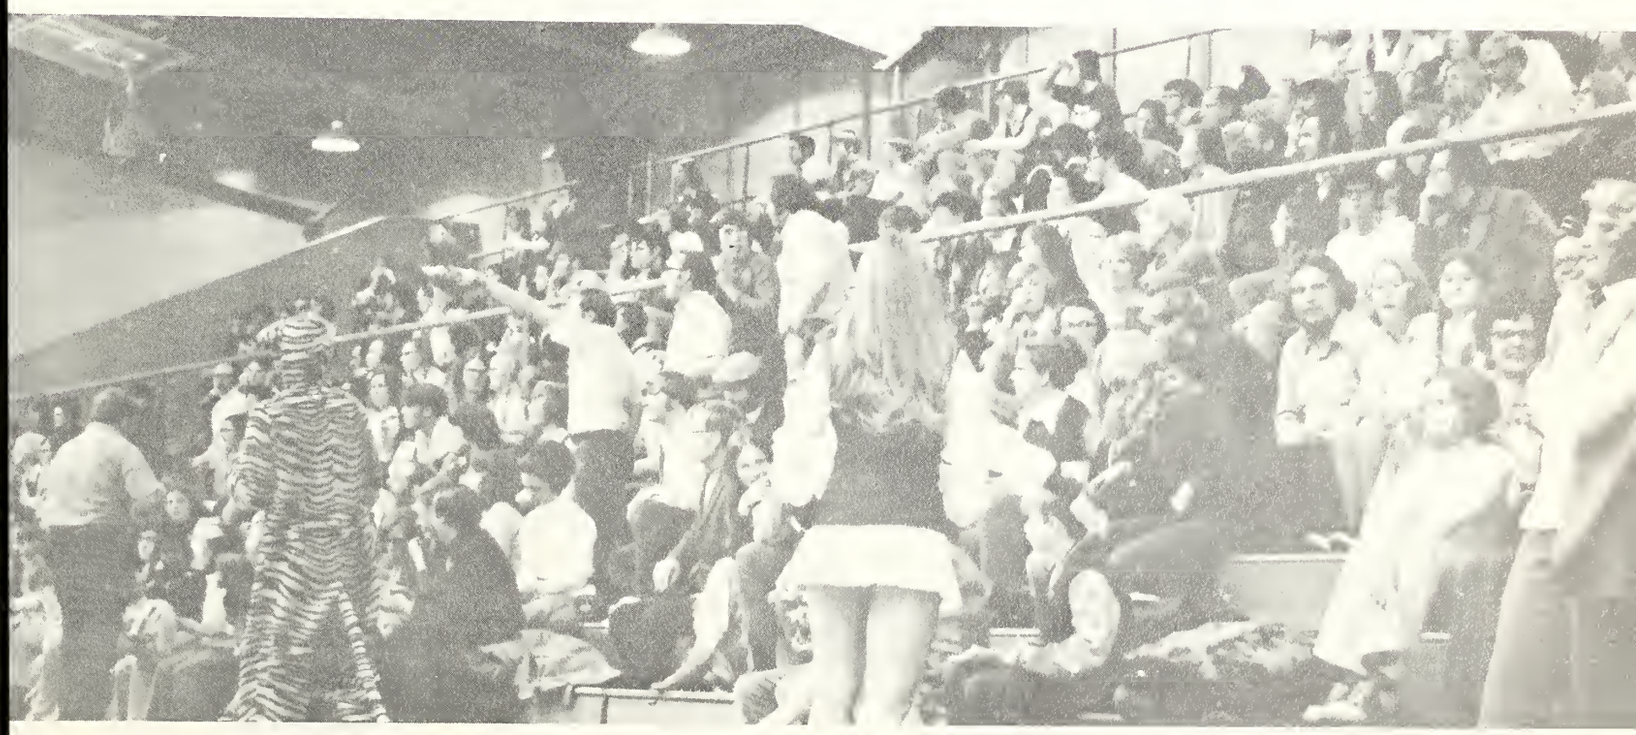
Basketball Action



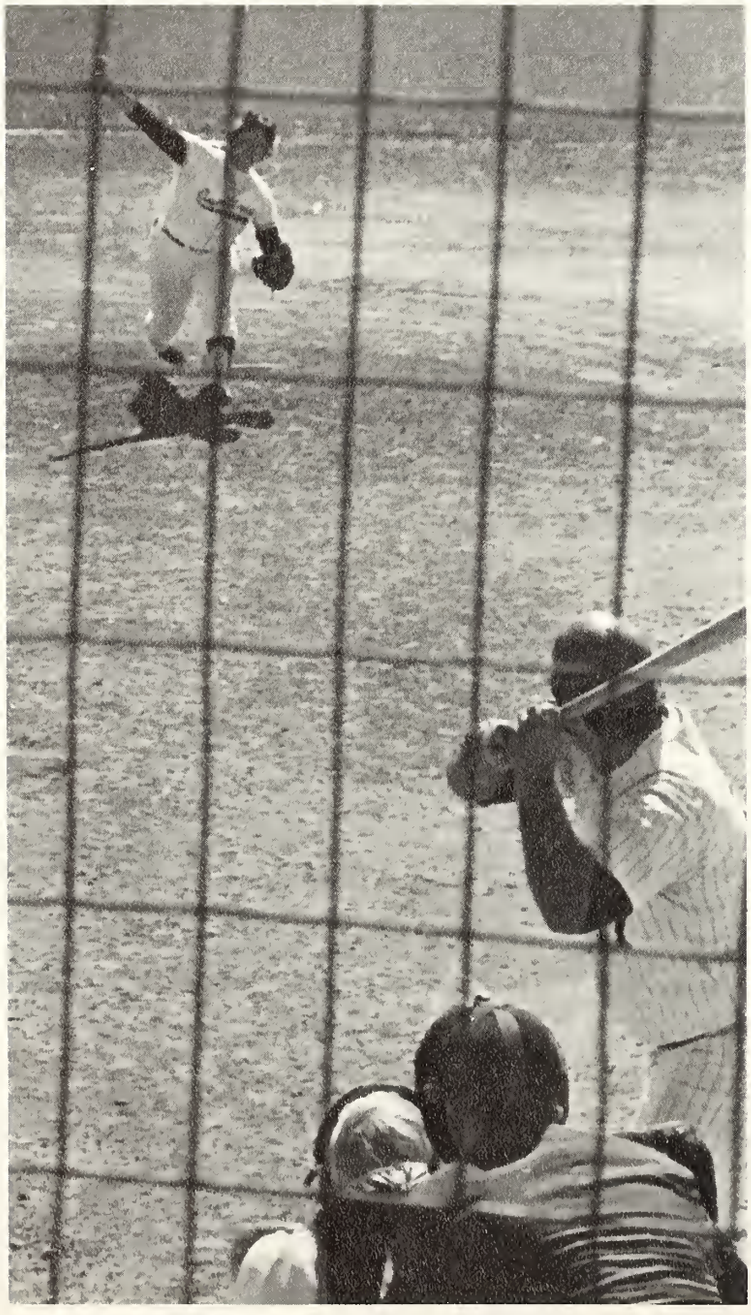


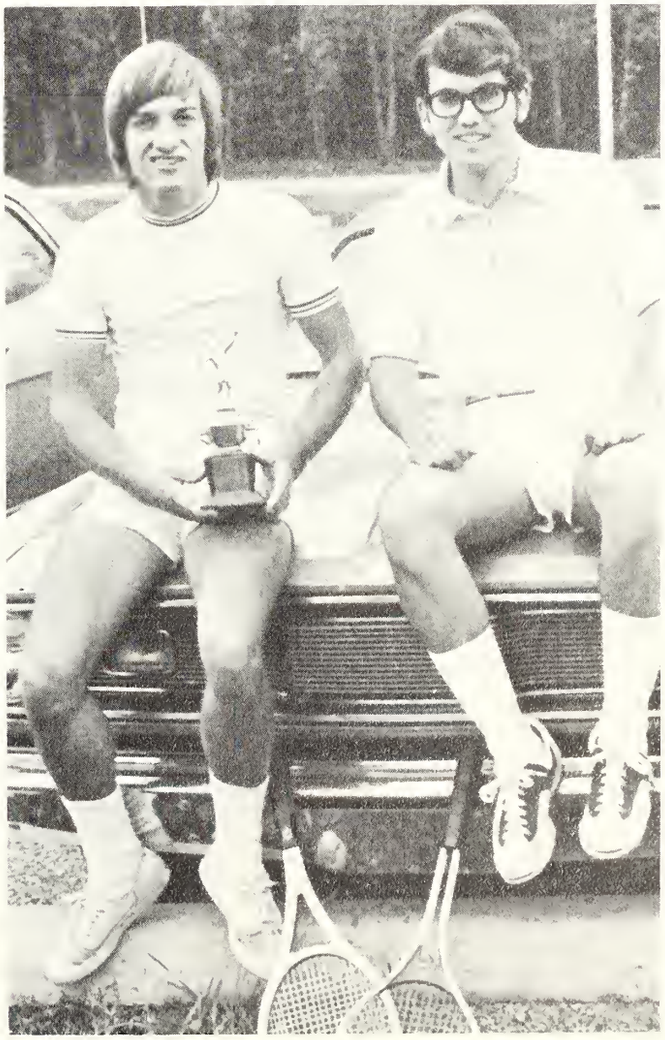


BASEBALL . . . GOLF . . . TENNIS

THE BEGINNING AND THE END OF SPORTS

These three sports have a split season, playing both in the fall and the spring.

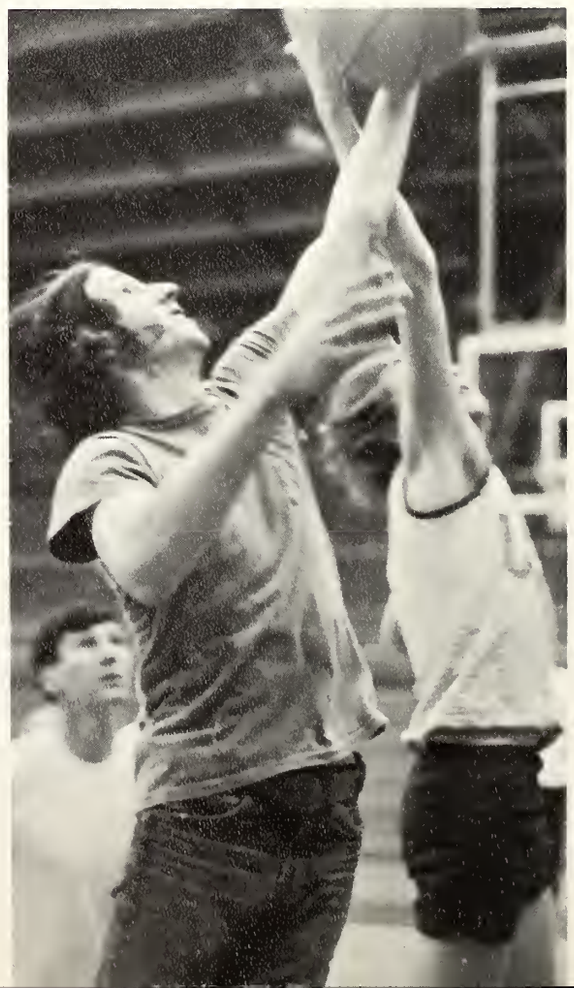


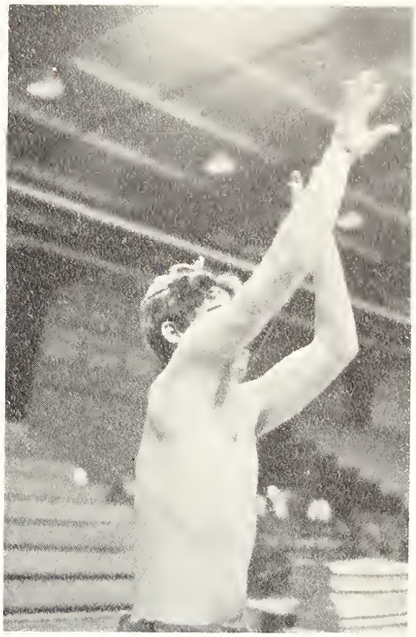


An Athletic program on campus is made up by more than teams for colligate competition. An intramurals program is planned to give those who wish to take part in sports, but are unable to be a member of the main teams, a chance to take part. Intramurals include football, basketball, pool and ping pong.

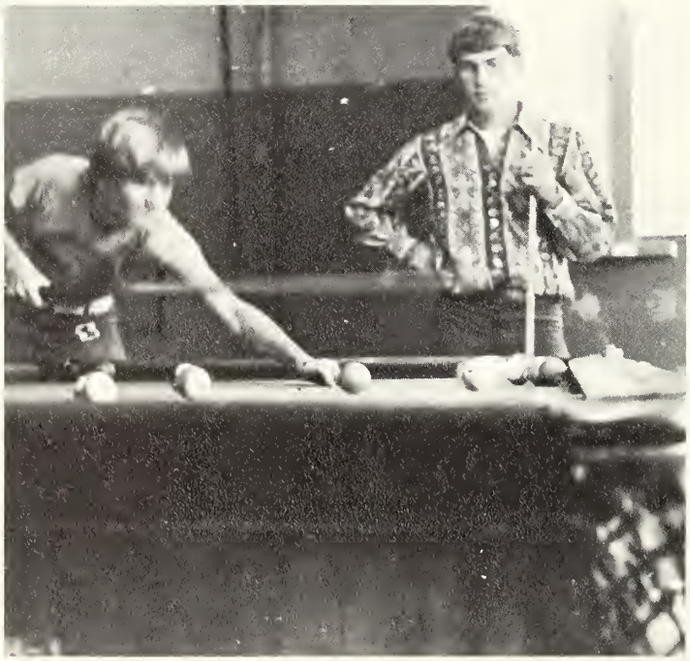
Programs for women likewise are planned. With Women's Lib and a recent decision in the courts that women should be allowed to be a member of a sports team if she is qualified women's sports are becoming even more important. This program on campus includes basket, tennis and volley.

Find Yourself In Intramural Activities





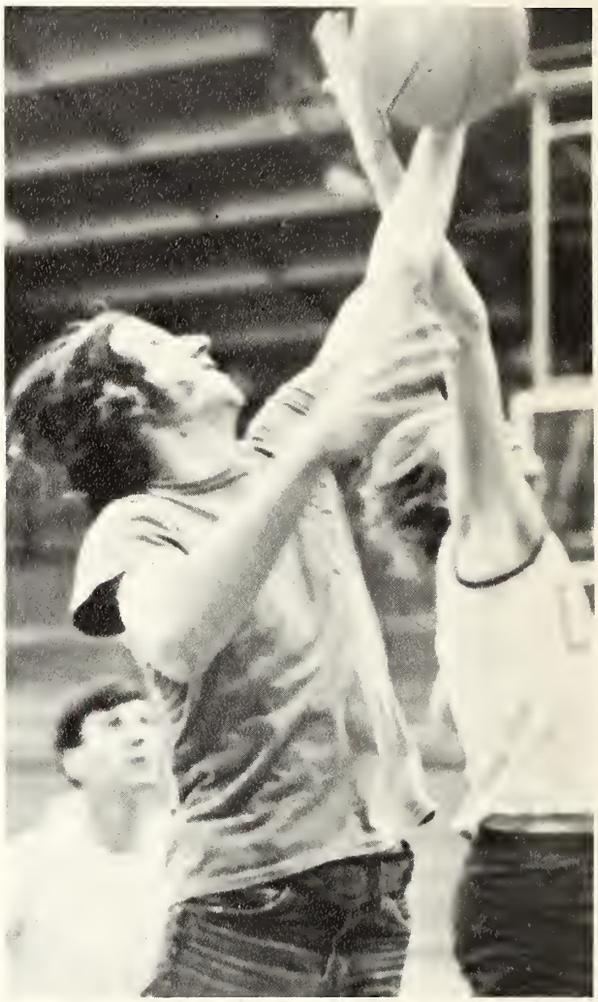
Whatever Your Reason; Whatever Your Sport



Whatever your reason; Whatever your sport you will find your spot in the College intramural programs. If the reason is physical fitness you will find it, if you want the thrill of competition that too is in the program.

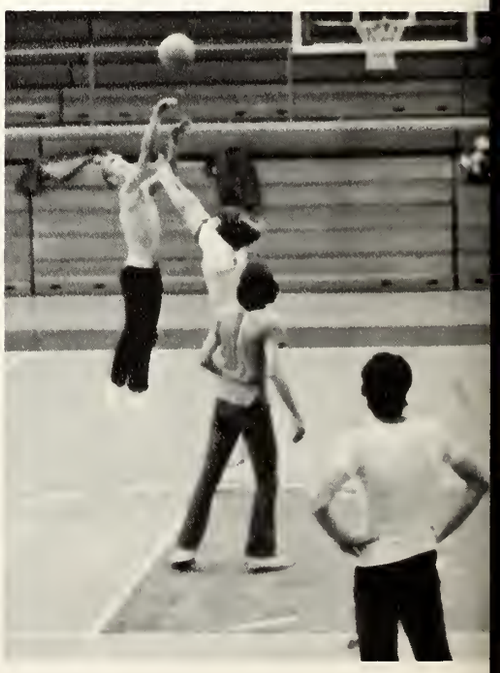
Athletic Oriented

Organizations



Intramural Council

These men organize our Intramural sports and determine the rules by which we play them. Remember the football rules? Especially try to recall the one rule on clenched fists.



F.C.A.

The Fellowship of Christian Athletes is a group of young men who put God first, whether they are on the playing floor or in the dorm.

Karate Club

These men practice the ancient Oriental art of "Killer Karate". This sport involves perfection of mind and body. Only the most fit dare practice it.

FACULTY

Because of an appreciation of the dignity and worth of the individual personality, an atmosphere of friendship enveloping the entire campus has been developed by the faculty. In their efforts to be helpful both in the classroom and with everyday problems the faculty shows their concern for the students.

NOTE

Now that all my duties as Editor of the 1973 Maple Trail comes to an end I will now use that title to give some words of thanks and to do a little editorlizing.

The first person I must recognize is the author of the poetry which is found on our color pages. He is Lao Tzu a fifth century B. C. Chinese poet and philosopher. I only hope a little of his beautiful themes will be meaningful to you the reader. If you wish to read more of Lao Tzu his book, THE WAY OF LIFE, contains all his poems.

My entire staff have worked very fine but four deserve very special thanks. Teri Simpson whose offical title is typist however she has done everything from composing copy to drawing up pages, and done it well. Brenda Tuttle likewise has been busy all year doing whatever I asked her to do. This time last year when I was named editor I was worried about pictures, but Mark Jordan has done a fine job in our darkroom. Mark's only problem is that he is a little forgetful. Lastly, George Lewis our backup photographer has always had the pictures I needed if Mark didn't.

I realize that this is not the best yearbook ever to be printed but it is our hope that it contains some information and remberances for the future. We have tried to print those things which are important. The only "bad" point is the number of students who did not have their pictures taken. More than 50% of the freshman class did not have a picture taken. The other classes are just as bad but we had pictures from last year or some other source to fill these sections.

It has been a fun year and a busy year I hope that the 1973 Maple Trail is a book for you and one you will be proud of.

Douglas Sullivan

SPECIFICATIONS

COVER: Embossed with silkscreen picture, Hand rub; brown 357, Wood grain surface.

COPY TYPE: Main headlines and subheads are Palatino of 30 and 24 point, Body Copy on color pages is 14 point Palatino, Body copy is 10 point Lectratype, index copy is 8 point Lectratype, page numbers and titles are 8 point Lectratype

PAPER STOCK: Coraltex
ENDSHEETS: Straw
TRIM SIZE: 9 X 12
PAGES: 160
PRESS RUN: 950
